IMPLEMENTATION FRAMEWORK AND NON-NEGOTIABLE RULES

Marks clarification: CBSE generally publishes unit/section marks, not fixed chapter-wise marks. Wherever fixed chapter marks are unavailable, this document shows School Planning Marks (*) only for workload and priority allocation. Actual examination questions may vary within the official unit/section weightage.

Class IX Social Science: The official 2026-27 curriculum states that the course structure/marks will be provided separately. Therefore, the chapter planning marks in this document are proportionate internal estimates based on the official instructional hours.

Completion definition: A chapter is complete only after classroom explanation, essential NCERT/textbook examples and exercises, notebook work, one competency worksheet/chapter test, and the related practical/map/project component wherever applicable.
